In Memoriam.

The following resolutions were adopted at a regular meeting of the Reno Reform Club, June 12, 1880:

WHEREAS, It has pleased the Supreme Architect of the Universe to remove from our social circle our late brother Robert Leeper; and

WHEREAS, While we mourn the loss of our brother, we have full faith and confidence that our loss is his gain; therefore:

Resolved, That by the death of brother Leeper the Reno Reform Club has lost an active and useful member, his family a kind and true father, the church a pure Christian and the community one of its best citizens.

Resolved, That we extend to his family our heartfelt sympathy in this, their great bereavement; and that as a further expression of our respect for our late brother, this hall be suitably draped in mourning for the space of thirty days.

Resolved, That these resolutions be spread upon our minutes, and that our Secretary be instructed to deliver to the family of our late brother a copy thereof; also that they be published in both our local papers—the NEVADA STATE JOURNAL and RENO EVENING GAZETTE.

Steamboat Ditch.

The water will be run through the Steamboat Ditch next week. The water is now running from the head of the ditch to Verdi, and from Hunter's creek to Steamboat. Between Verdi and Hunter's creek 75 men are at work finishing up the ditch. This will be accomplished some time this week when the water will be turned in next week, and the successful completion of this great enterprise recorded.

From Paradise.

From a gentleman in from Paradise Valley we learn that the bullion mine is more than making expenses, although doing a great amount of dead work. Twelve men are employed in the mine. The Paradise is shipping more bullion than ever, and rich ore has been found in the lower drifts. Twenty-eighty men are at work in the mine.

Wadsworth is pretty lively. No one knows when the shops are to be removed. Some say the matter will probably be decided at the annual meeting of the Co. which takes place in July.

The mosquitoes are numerous in the vicinity of Camp 37, and they make it lively for passengers on the passing trains, especially those who sit by open windows.

Mr. H. W. Higgins has in contemplation a picnic at Clark's station. There is a fine grove down there, and it is believed that an enjoyable party could be had.

All persons indebted to the Farmers' Co-operative Association must make immediate settlement if they would save costs. See notice elsewhere.

The using of coal by the engines of the Truckee Division enables the trains to make much better time.

The Atlantic & Pacific Mine.

The attention of Eastern capitalists is now directed back to California mines. Rich in agriculture, she still leads the van in productive minerals. The pan and rocker has given way to quartz mills and giant powder. The Golden State has begun a new era in mining. New districts are now springing into existence, the latest of which is the "Cherokee," located in Plumas County. The center, Greenville, contains no less than a dozen dividend paying mines. There is another waiting to join the ranks. "The Atlantic Pacific." This property was lately purchased by some Renotes for a large sum. It has the richest ore in the entire district. Assays so far made have reached \$150 and not below \$40. The mine is already developed, over 100 tons of ore awaiting milling. As soon as arrangements can be made, the necessary machinery will be erected, the force of miners increased and bullion shipped. Nature has been bountiful in her gifts. The country around is full of rich timber and has plenty of water for all purposes. This will reduce the entire expense of working the ore to a small sum, consequently the owners are lucky mortals. Their pockets will soon be crammed with dividends.

"School for Girls."

The closing examinations for the present term at the Seminary will commence on Monday next. Monday and Tuesday will be devoted to written examinations. Wednesday will be Commencement Day. The examinations will then be oral and public, and there will be literary exercises of interest. A musical to which the public is invited will be held on Wednesday evening. A programme of classical music has been prepared by Miss Quaffie. The Commencement exercises will be held Wednesday afternoon. Miss Molie Grignon, of Reno, who has attended the Seminary for four years, is the only graduate this year and the first from the institution. During the vacation Miss Sull, the Principal, and Miss Graham, one of the teachers, with Rev. W. R. Jenney and wife, will visit Yosemite.

The Water Question.

Additional tests with the water from the new reservoir were made yesterday, and proved satisfactory. Everybody who owned a hose or could borrow one played with the water with as much delight as a child with a toy, and the streets were better sprinkled yesterday than they have been before for many a day.

Already everybody seemed to think that now we should have fire plugs at every street corner, so that in case of fire there would be little delay. Water for drinking purposes will be furnished from the old source for a few days yet for reasons that are obvious.

Thanks.

Mrs. R. Leeper desires to return her sincerest thanks to the Reno Reform Club and the many friends who so thoughtfully and kindly assisted her during her late sad bereavement. She has no words to express her feelings, and can only add that all the kindness was fully appreciated.

Funeral.

The funeral of Mrs. Alex Welch and Miss Emma Crocker, both held yesterday, were largely attended by the friends and acquaintances of the departed loved ones. Consumption has two more victims to its insatiate unconquerable sway. May they rest in peace.

Robbed Again.

The stage to Bodie was robbed Monday night at the same time and place as the previous robbery. There were only two passengers aboard. Less than \$300 were taken.

Mr. B. F. Bobo is in from Sierra Valley. He says there are more grasshoppers this year than ever, and that the farmers are well nigh discouraged.

Mrs. McGinley and daughter May returned to Reno last evening, after an extended visit to Eureka. We understand the company has disbanded.

The calico ball last night was largely attended, and proved to be one of the best dancing parties of the season. The music was good.

Gov. Woods and Mr. John T. Davis will arrive this morning. They expected to have been here yesterday, but were detained in San Francisco.

Stephen Connor has three blocks of town lots for sale. Bargains can be had for the next ten days. See 50-cent column.

Virginia proposes to celebrate the 4th and the various committees have been appointed.

There will be a number of sick Democrats in this section, should Field be nominated.

Washoe has 19 of the 150 prisoners in the State Prison.

Jupiter has been assessed 40 cents per share.

THE WEEKLY JOURNAL

The WEEKLY JOURNAL, published every Saturday, will be furnished to those desiring it at 250 per year in advance. It will contain the local news of the week, a careful summary of the State, Pacific Coast and mining news, together with a variety of miscellaneous and editorial matter, containing more reading than any weekly paper ever published in the county. Those desiring to subscribe for the WEEKLY JOURNAL will please call at the publication office.

JOB PRINTING. — This office has every facility for doing all kinds of job printing. And inasmuch as all home industries should have the preference over all others, we should be pleased to receive orders at any time for that class of work.

Sara Bernhardt gets \$1,000 a night for her 100 nights' engagement in America.

To the Public.

RENO, Nev., April 10, 1880.
We shall discontinue our banking and brokerage business on or about July 1, 1880. All persons indebted to us must settle their accounts in full before that date.

A National Bank Incorporation will succeed us (and occupy our present quarters or place of business.) All deposits in our hands at that date will be transferred to said incorporation.

D. A. BLINDER & CO.
TREASURY DEPARTMENT,
OFFICE OF COMPTROLLER OF CURRENCY,
WASHINGTON, May 26, 1880.

Whereas, by satisfactory evidence being presented to the Undersigned, it has been made to appear that "The First National Bank of Reno," in the town of Reno, in the county of Washoe and State of Nevada, has complied with all the provisions of the Revised Statutes of the United States, required to be complied with before an association shall be authorized to commence the business of banking.

Now, Therefore I, John Jay Knox, Comptroller of the Currency, do hereby certify that "The First National Bank of Reno," in the town of Reno, in the County of Washoe and State of Nevada, is authorized to commence the business of banking, as provided in Section Fifty-one hundred and sixty-nine of the Revised Statutes of the United States.

In testimony whereof witness my hand and Seal of office, this 26th day of May, 1880. JNO. JAY KNOX,
Comptroller of the Currency,
[No. 2,478.]

Mother! Mothers!! Mothers!!! Are you disturbed at night and broken by your child suffering and crying with the cutting pain of cutting teeth? If so, go at once and get a bottle of MRS. WINLOW'S CUTTING SYRUP. It will relieve the little sufferer—depends upon it; there is no mistake about it. There is not a mother on earth who has ever used it who will not tell you at once that it will regulate the bowels and give rest to the mother, and relief and health to the child, operating like magic. It is perfectly safe to use in all cases, and pleasant to the taste, and the prescription of one of the oldest and best female physicians and nurses in the United States. Sold everywhere. 25 cents a bottle. J. W. LEVY & CO.
